Pure cuisine

Oaxaca draws from essence, mystique and tradition to emerge with total respect for Mexican produce and its original flavors. We're talking about an evolution of traditional cuisine that preserves age-old culinary techniques and processes for making sauces and dishes while also incorporating cutting-edge contemporary techniques. The evolution of knowledge serves exploration, vindication and an encounter with an ancient way of cooking and understanding produce, flavors and our relationship with what we eat.

#### TYPE OF CUISINE

Mexican traditional.

#### Chef's pick!

"Chicharrón" with guacamole. Green ceviche with fresh fish from the Barceloneta's fish market. Toasts with red tuna in "chipotle". "Tatemado" octopus, sea and mountain from "Isla Mujeres". "Michoacán"-style carnitas for tacos.

#### MEZCALERÍA

The five senses

The lifeblood of Oaxaca, la Mezcalería, is devoted to mescal. A Mexican tavern in *Els Porxos d'en Xifré*, next to the port of Barcelona, the historical gateway for ships sailing overseas. Oaxaca Mezcalería features 200 varieties of authentic organic Mexican mescal, giving it what is probably the widest selection available anywhere in Europe. Mescal is a distilled aperitif that is purely Mexican. Thirty different species of wild agave from around Mexico are used to make mescal, resulting in a spirit that can be *añejado* or *reposado* (aged) and with almond, nanche or orange flavor. No matter the type, mescal is always served with the typical *sal de gusano* (worm salt) and fresh lime. Oaxaca Mezcalería offers a sensory experience that is one of a kind in the city.
